# Cattle Rattle

**Official Publication of the  
Mid-Coast Santa Gertrudis  
Breeders**

**August 2017**

## A Message from the President

The Santa Gertrudis world is getting truly exciting and Mid-Coast is in the forefront. Lots of good things have been going on this summer and we have a lot more excitement coming. Our Mid-Coast presence at the National Junior Show in Lake Charles, Louisiana was phenomenal. Our juniors exhibited well over 100 head making it the largest turnout for Mid-Coast in probably 30 years or more. Thanks to David and Christie Moran for spearheading the activities and thanks also to the parents and juniors for making this a proud showing for Mid-Coast.

As summer comes to a close, we have another great week of cattle and friendship coming in September. The Mid-Coast Cattleman's Opportunity Sale along with the Mid-Coast annual Meeting is just around the corner. I urge each and every one of you, active and junior members alike, to come to Hallettsville, Texas on the week-end of September 15-16, 2017 for the festivities. Matt Kubena and his crew are putting the final touches on an exceptional sale. There will be some good cattle represented so bring your friends and neighbors to Hallettsville.

On Friday night, September 17<sup>th</sup> we will hold our annual meeting. Joe Fauth is heading up this years meeting and meal and we are looking forward to a good and informative program. This is your association and we want to hear from you, so please join in.

Mid-Coast has several director positions open and we need your help. If you are interested in serving, please contact Allen Ginnard or myself to get your name on the ballot. You can find more information on the director positions included in this issue of the Cattle Rattle.

Before you know it, we will be back in Houston for the International Super Sale. Debbie Townsend is working with American Marketing Service to lay plans for another great sale, so get in touch with her or Richard Graham Hood for more details. I know Debbie can always use help pulling this off, so please consider volunteering as well.

On a final but very important note, the Santa Gertrudis breed owes Allen & Karen Ginnard a very heartfelt thank you. The Santa Gertrudis Foundation and the National Santa Gertrudis Youth Foundation have teamed up and developed the Red Legacy giving program to benefit the two foundations. Allen & Karen are donating a lot in the Cattleman's Opportunity sale that will be "**Legacy Lot I**" benefiting the research and education efforts in our breed. When I asked Allen and Karen about this possibility, they enthusiastically stepped up for the betterment of our breed. If you see Allen & Karen, please thank them as well.

That's about all and I hope to see each of you in Hallettsville.

With Warmest Regards,

**Allen Grainger**

### **Why do you raise Santa Gertrudis cattle?**

The answer to this question is as varied and diverse as the association's membership. For many it is the excitement of the show ring, for others the opportunity to support a junior with an interest in cattle; the lifestyle attracts some individuals, and most all hope to generate income. These are but a few of the hundreds of reasons why members raise Santa Gertrudis. Regardless of the reason, when all is said and done, everyone who owns a cow is in the protein business. The genetics from our herds, at some point in time, will appear in the refrigerated section of the grocery store or on a plate in an eating establishment.

Are the genetics used in your breeding program hitting the bull's eye, producing an industry acceptable, consumer pleasing product that is profitable for all industry members - feeder, packer, retailer? Do you know? SGBI's EPDs give insight into an animal's ability to produce offspring that hit carcass quality targets but actual harvest data gives a very clear picture of the performance of your herd's genetics in the yard and on the rail. Harvest data also strengthens the association's genetic predictions giving our carcass trait EPDs even greater accuracy.

Want to learn more about the type of cattle your breeding program is producing? The SGBI Research and Education Committee is planning a 2017 feedout to be conducted at AzTx Feeders in Hereford, Texas. Jake Alden, Auxvasse, Missouri, will be coordinating the program for the association. **The targeted start date will be in November.** Attached are the **preliminary** guidelines. Finalized details of the program will be featured in the September issue of Santa Gertrudis USA.

### **Feeding Trial**

**Purpose:** Identify Santa Gertrudis genetics that perform and excel in a feedlot setting and on the rail.

### **Health Requirements**

1. All calves shall be weaned a minimum of 45 days or more by the date of delivery
2. All calves shall weigh at least 600 pounds on delivery
2. All bulls shall be castrated by knife or band preferably preweaning.
3. All calves shall be treated for internal and external parasites
4. All cattle shall have horns removed
5. All cattle should receive a total of two doses of modified live viral vaccine given preferably preweaning and at weaning.

#### *Modified Live Virus*

- IBR-(Infectious Bovine Rhinotracheitis)
- BVD-(Bovine Viral Diarrhea Virus 2 types)
- PI3-(Parainfluenza)
- BRSV-(Bovine Respiratory Syncytial Virus)
- Mannheimia hemolytica (1 dose)
- 7-way, 8 way, blackleg with or without histophilus (2 doses)

### **Other Requirements**

1. Minimum of 5 head must be consigned per breeder
2. Entries are due 3 weeks prior to cattle arriving at feedlot
3. Calves must be individually identified by breeder before arrival at feedlot
4. Breeder shall provide at minimum a date of birth and a sire or dam registration number on each calf consigned to feedout.

Is your program producing the consumer pleasing product we publicize in the breed's advertisement campaign? Find out. Participate in the feedout.

## News from our Mid-Coast family...

*Hello Mid-Coast Santa Gertrudis Association Members and Friends!*

*Several of you have asked about Billy Eubanks' daughter, Jessica, who had cancer last year and who we listed in the Cattle Rattle on a few occasions for thoughts and prayers.*

*Billy is very pleased to announce that Jessica is in full recovery. She started back to work the week of August 7th, and has gained weight back that she lost during treatment. The Eubanks / Burgin family would like to thank all the Mid-Coast family for your prayers and support through this journey!*

*Blessings to all,  
-Karen*

# Take Action Now- Tell EPA to Kill WOTUS Today!

## ***Submit Comments to Kill the Waters of the United States (WOTUS) Rule TODAY!***

Last Thursday, July 27th, marked the start of the 30-day comment period on the EPA's proposal to withdraw the 2015 WOTUS rule.

The deadline for comments is August 28, so please comment now!

Step 1 - Go to: <https://www.regulations.gov/comment?D=EPA-HQ-OW-2017-0203-0001>

Step 2- Copy and paste (or modify) the following sample comments.

I am writing to support the proposal to repeal the 2015 "Waters of the U.S." rule.

As a cattle producer, I strongly support this effort. Water is important to me and my family farming operation. I am glad that you recognize the flaws of the current WOTUS rule. It is overly broad and creates heavy burdens and costs, legal risk and tremendous uncertainty for farmers, ranchers and others, like me, who depend on the land. Under the 2015 rule, farmers, ranchers and other landowners across the country face new roadblocks to ordinary land-use activities.

I applaud EPA for taking this important first step toward developing a new definition of waters of the United States that will protect water quality while also promoting economic growth, minimizing regulatory uncertainty, and respecting the proper roles of Congress and the states under the Constitution.

The WOTUS rule has never been implemented because it was stayed by both a federal district court and a federal court of appeals due to its flaws and violations. Challengers raised numerous substantive and procedural defects in the rule, including that the rule exceeds EPA's statutory authority, imposes burdensome regulatory uncertainty, was finalized in violation of mandatory procedural requirements designed to ensure a well-informed result, and is otherwise unlawful. In all, the rule was challenged in multiple courts by all sides (31 states and 53 non-state parties, including environmental groups, state and local governments, farmers, landowners, developers, businesses, and recreation groups).

The EPA should move forward and ditch this rule once and for all, then go back to the drawing board and write a new rule that protects water quality without trampling the rights of landowners, businesses, and the states.

Sincerely,

[Add your name here.]

[Add your Cattlemen's Association here.]

If you raise cattle and  
they drink water, please  
get involved.

Hello Juniors!

It was great to see so many of you at our National show! This newsletter is about two things: Introducing our new Jr. Officers for the 2017-2018 year, and reporting on the National show. There is a lot to report, so let's get started!

First and most importantly, Mrs. Helen Carleston, long-time Mid-Coast Santa Gertrudis member and Junior supporter was recognized at the banquet with a standing ovation for having attended all 40 National Junior Santa Gertrudis Shows held. Mrs. Carleston, thank you for your support!

Madison Moran served all week in many capacities as the National Junior Santa Gertrudis Princess. She attended the Welcome Dinner, Princess & Queen Luncheon and Dance where she spoke about her year as the Princess and also introduced all the candidates at each event. She handed out awards in the cattle ring for both days of cattle shows and also assisted in handing out all the awards at the annual banquet. Madison shared an address at the banquet as retiring Princess and helped crown the newly elected Princess. We'd like to thank Madison for representing Mid-Coast so well!

The Mid-Coast affiliate did not receive top 3 recognition for Herdsman award this year which was a disappointment. But, this is mentioned because THANKS is offered to all the young exhibitors and parents/adult volunteers who helped tirelessly to create a wonderful display in the stall areas with all the decorations, booth display and signs above cattle heads as well as manicured stall spaces for 100+ head of cattle. Everyone worked so hard to keep the shavings and aisles clean for 2 solid days for a large number of head and everyone is to be commended for this feat!

Also, the Mid-Coast scrapbook did not place in the top 3 either which was a great disappointment as well. We received many kind comments about how good the book was from those that looked at it. Many THANKS to all families who submitted photos and biographical information to include in this book. THANKS to Mid-Coast Reporters Parker Mason and mom Courtney Mason and Madison Moran and mom Christy Moran for all their hard work in putting the scrapbook together for this year!

It was a great show, and Mid-Coast Juniors represented our association well!

### ***Note from the Mid-Coast Junior Advisor...***

The National Junior Santa Gertrudis Show in Lake Charles, Louisiana is now in the history books! It was a great week to spend together developing friendships, hanging out with old friends and family, exhibiting great Santa Gertrudis cattle and allowing our Junior members to participate in so many wonderful contests that showed great character, determination and grit on so many levels. I was so proud to be there as a parent, friend and in the Junior Advisor role to help facilitate the building of some great Mid-Coast stall areas...which by the way were outstanding when you looked in the barn and saw 4+ aisles of red fabric and signs over 100+ head of cattle...all being taken care of by our juniors in the heat of the day. It was hot...and the hours and sweat put into making so much possible that week is tiring to think about...but so gratifying. I still can't believe we didn't get recognized in the Herdsman competition...we will get 'em next year! I was so proud to cheer on 24 of our young people as they worked hard to study and compete in the Brain Bowl competitions and work our way to top placings in each of those contests. I was so proud to see our kids who campaigned and ran for director, queen, princess, officer and scholarship positions and awards. I was so proud of all the kids in Mid-Coast who competed in so many contests and came out on top in many of those...not just getting an award, but getting great experiences in a variety of competitions that will make them better people and leaders...and so proud of them for competing and taking the time to prepare for these contests which they didn't have to do but did because they had courage and want to be the best they can be. And, to see all the cattle that Mid-Coast shared in the ring continues to be an amazement! We represent well! We are one of the top, if not the biggest, affiliate participating in the National Junior Santa Gertrudis Show in this day and time. Thanks to all the parents, grandparents, adult leaders, county agents, FFA advisors and family members who were a part of this week and who continue to support this great endeavor of raising top quality cattle and kids. Christy and I find it a joy to continue to work with the juniors and this organization to make it all it can be!

Thanks for your continued support,

***David Moran***

*Thank you from Princess Madison...*

Becoming the Mid-Coast Junior Santa Gertrudis Association Princess and then the National Junior Santa Gertrudis Princess was a dream come true! Serving these organizations in this capacity this past year opened worlds of opportunities for me as I campaigned and met people and then had the chance to travel around from show to show, present awards and work in the show rings. We walked many steps, handed out many ribbons and shared many smiles to deserving young winners and their heifers. The friendships I made and the connections shared with both junior members and adults in and out of the show ring is something I will never forget. I so enjoyed being an ambassador of our breed. I will always cherish my days as the Princess

and always be grateful to each one of you who believed in me and supported me. Thank you for this opportunity! And, congratulations to all exhibitors who continue to shine bright and make their dreams come true.

***Believe to Achieve!***

Thanks again,
