Cattle Rattle

**Official Publication of the
Mid-Coast Santa Gertrudis
Breeders**

May 2017

A Message from the President

All I can say is WOW!!!! Mid Coast and the Santa Gertrudis Breed have had a banner Spring. First, let's talk about the International Super Sale in Houston. 29 lots of elite Santa Gertrudis cattle grossed \$365,050.00 to average \$12,587.93 per lot. Looking back, after all of the years that the Super Sale has been around, I don't believe that we have ever achieved numbers like this. Thank you to Debbie Townsend and Richard Graham Hood and the AMS crew for putting on such an exceptional sale.

I also want to thank the Mid Coast board members who helped out with the sale. In addition, a big thank you to Betty McCormick, Nancy Wunderlich, my wife, Cheryl and Townsend Cattle Co. for making the Aisle party a success.

The Mid Coast Juniors held their annual Norval and Anna Sells Mid Coast Junior Show in Wharton on May 5th and 6th. To say the least, the turnout was phenomenal: 110 head went through the show ring on Saturday and, what's even more exciting, Mid Coast will be represented by more than 125 head at this year's National Junior Santa Gertrudis Show in Lake Charles, Louisiana. Thanks go out to Tom DuBois and Cheryl Grainger for putting on such a good show, as well as David and Christy Moran for all of their efforts with the Mid Coast Juniors.

Plans are now in place for the Cattleman's Opportunity Sale this Fall in Halletsville. Matt Kubena is heading up this year's sale, which should be a good one. Look for an e-mail blast and online for the consignment form. The form is also replicated in this issue of the Cattle Rattle on pages 3 and 4.

What is happening at these events, particularly at the Super Sale and soon at the Cattleman's Opportunity, sets the tone that Santa Gertrudis genetics are in high demand. This all boils down to the predictability and profitability that Santa Gertrudis cattle offer.

The genomically enhanced EPDs and the impact that it can have on our breed is now coming to fruition. We are the big kid on the block that everyone wants to be friends with. People are seeking out Santa Gertrudis genetics, because we now offer more predictability than any other American beef breed. I urge each and every one of you to gain as much knowledge as you can on our EPDs and utilize them as an additional tool to select and market your cattle. This is also an example of the type of programs that bring value back to our breeders – and they don't come cheap.

By now, many of you have received news of the upcoming changes to SGBI's fee structure. Let me offer a short explanation of why I, personally, believe these changes are good for our association. Analyzing the new fee structures and deciding whether the increases are justified is simple to me. Has SGBI

From the Desk of ...

John Ford,

SGBI Executive Director

When contacted by Karen about writing an article for *Cattle Rattle*, I was sitting at a sale barn in Southern Mississippi. I spent the week visiting sale barn managers and producers discussing the breed's genetic package and the benefits of incorporating Santa Gertrudis into breeding programs. It was time well spent. I was amazed at the type and kind of animals I saw running through the various sale rings and questioned if there was any heterosis remaining in the state's cowherd. I watched 7 and 8- year old black-hided heavily influenced *Bos taurus* cows run through each ring, headed to the packer. They were already smooth mouthed and non-productive, at an age that should be the most productive of a cow's life. The Southeast is an area of the nation that was dominated, at one time, by *Bos indicus* influenced cattle, but in the last 20 year period the area's herds have become more and more straightbred and predominately black hided. This is not just a Southeast issue, nationwide many cow-calf operations have evolved to maintaining straightbred black-hided cattle. Producers have avoided crossbreeding and the known benefits it provides in the belief black-hided cattle bring more money. The national cow herd has been drained of nearly all its heterosis as producers have fallen prey to the faulty perception that profitability is tied to color.

Dr. Bob Hough stated in a recent Western Livestock Journal article data sets from different regions of the country demonstrate cow herd reproductive efficiency has not improved over the last 20 years. It is not rocket science, the move away from crossbreeding has ravaged the commercial cowherd in America. Years of research confirms crossbreeding has the biggest impact on enhancing fertility and the lifetime productivity of crossbred cows exceeds that of purebred cows by at least 20%. What does all this rambling about heterosis and the make-up of America's cowherd mean for Santa Gertrudis Breeders? Opportunity, simply put, opportunity. The versatility of Santa Gertrudis ensures that it is a compatible and profitable cross with a wide variety of breeds, resulting in an extremely valuable F1 replacement female. Longevity, stayability, calving ease and early breed-back are traits in which Santa Gertrudis females and Santa Gertrudis F1 females excel. Years of research has shown the driving factor for hybrid vigor in crossbreeding is retained heterosis. This is significant because Santa Gertrudis retain 47 percent heterosis. The result of this heterosis is more dollars from every cow sired by a Santa Gertrudis bull. Most importantly, heterosis has a tremendous impact on fertility and nothing has greater influence on an operation's bottom line than a cow's ability to bring a live, healthy calf to the weaning pen every year. Regardless of breed – crossing with Santa Gertrudis results in F1 females that are productive, predictable and profitable in any operation. This is our message and a message that producers nationwide need to hear. It is a message of opportunity for them and for us.

From your Editor with a smile...

heterosis

noun het·er·o·sis \,he-tə-'rō-səs\

: the marked vigor or capacity for growth often exhibited by cross-bred animals or plants —called also *hybrid vigor*

MID-COAST 2017 ANNUAL MEETING

Mark your calendars now to attend our Mid-Coast Santa Gertrudis Association Annual Meeting and Cattleman's Opportunity Sale on September 15th and 16th in Hallettsville, Texas! See consignment form on pages 3 and 4 of this edition of the Cattle Rattle!

A Message from the Mid-Coast President, continued...

Continued from Page 1...

developed tools that help me capture a higher value for my cattle as compared to several years ago? A resounding yes! Does the increased value cover the fee increases? Another resounding yes! Do I believe that SGBI is on the right track? Yes! And lastly, can SGBI continue to make strides that help me increase the value of my cattle with the current fee structure? NO. In other words, for us to continue making strides, we need to put more money in the bank for greater things that will continue to increase our value.

As we continue down our paths, whether or not we agree or disagree with each other, one thing is for sure. The Santa Gertrudis family has always and will always be strong. With that being said, we lost a dear friend in Delbert Walker. I have known Delbert and Joanne since the early 1980's. Delbert was smart and selfless. He loved his Santa Gertrudis family and he gave a lot of time and effort to make it better for everyone else. Please keep Joanne and the Walker family in your thoughts and prayers.

As always, please give me a call with any ideas, concerns or questions.

With Warmest Regards,

Allen Grainger

President, Mid Coast Santa Gertrudis Association
979-337-4151
agrainger@aol.com

A big Mid-Coast Santa Gertrudis congratulations

to our own **Jerome Urbanosky**, who has been named President-Elect for Santa Gertrudis Breeders International, beginning in 2018! Our members are going places!!

Jerome will be the third SGBI President in a row who started as a Junior, and in fact, Jerome was one of the first Junior members of SGBI. Jerome started his journey in the world of Santa Gertrudis as a young man of 15 when he bought his first show calf, who he named 'Alice'. With Alice, Jerome's love for this red breed began. Currently, Jerome has over 200 Santa Gertrudis cows in his herd, and loves to talk 'cattle' with anyone!

Jerome fondly remembers some of his early SGBI friends, and in particular mentions Joe Glen Thompson, an attorney on the SGBI Board who wrote most of the by-laws. When Jerome was 25, Mr. Thompson pulled him aside and told him he'd be President of SGBI one day. Jerome laughed, hardly daring to dream that big!

Jerome attended Texas A&M University, majoring in Ag Journalism, and also taking as many Ag Science classes as his electives allowed. His dedication allowed him to graduate with a double-major in Ag Journalism and Ag Science. In 1975, Jerome and his brothers started a family feed store business, a successful endeavor which culminated in Jerome writing the business model for what became the Petsmart chain of stores. After 25 years in the feed business, Jerome sold his part of the family business and started his own Employment Agency in Houston, Texas, which is still active today.

Jerome doesn't think of the SGBI Presidency so much as an honor, but as a responsibility. He is excited about the opportunity, understands the importance of the position, and is committed to doing whatever it takes to make this breed the very best!

Cattleman's Opportunity Sale 2017

Sponsored by

MID-COAST SANTA GERTRUDIS ASSOCIATION

Consignment Letter and Form

Dear Santa Gertrudis Breeder,

The 2017 Cattleman's Opportunity Sale, hosted by the Mid-Coast Santa Gertrudis Association, will be held Saturday, September 16, 2017 at 11 a.m. at the Lavaca Exposition Center, Hallettsville, TX. This sale is open to all Mid Coast members. If you are not a member, we invite you to join and bring your best to Hallettsville. Visit www.midcoastsantagertrudis.com for a membership application.

Below are the sale rules and screening standards to assist you in selecting your lots. Please contact Sale Chairman Matt Kubena at (979) 373-1911 or makubena@aol.com with any questions.

****NEW**ALL CATTLE CONSIGNED WILL BE SCREENED PRIOR TO SALE DATE.**

1. Pen lots of three head or less will be accepted.
2. All cattle must be registered purebred Santa Gertrudis or Santa Gertrudis Star Five. (Consignors must be in good standing with SGBI).
3. Females must be between the ages of 6 months through 6 years old (females must not be 7 years old the day of the sale).
4. Bulls 15 to 48 months of age are eligible. ****NEW**ALL BULLS MUST BE GAIN TESTED**
5. Bulls must have a sheath score of 3 or less.
6. Embryo, flushes, donor cows, bred recipient cows and semen lots will be accepted.
7. Fertility – A licensed veterinarian must certify the following:
 - Females over 26 months of age must calve by 36 months of age
 - Females with a calf at side that is 6 months of age or older must be safe in calf
 - Females with a calf at side that is 9 months of age or older must be safe in calf in at least the second trimester
 - Bulls, 15 months and older, must be fertility tested and confirmed a satisfactory breeder within 30 days of the sale and Trich tested according to Texas Animal Health Commission rules

Other Considerations:

- Females with a calf under 6 months of age may sell open or exposed
 - Females over the age of 4 must have a calving interval noted on the consignment form
8. Cattle must be sound, functional, and in good flesh. Any cattle falling under the "Disqualifications" section of the SGBI "Standards of Excellence" will not be allowed to sell.
 9. Cattle must have a health certificate allowing interstate shipment and showing fertility results (if applicable), issued within 30 days of sale date. Check with your veterinarian for any additional health requirements such as Brucellosis testing of cows over 18 months of age, TB testing etc.

Any animal not meeting these requirements will be automatically removed from the sale offering.

The non-refundable consignment fee is \$100.00 per lot or per pen. Commission will be 10%. (\$40.00 of consignment fee will be credited towards commission).

Make checks payable to:

*****Mid-Coast Santa Gertrudis Association*****

Mail entry form(s) and copy of registration papers by July 01, 2017 to:

MATT KUBENA
MID-COAST SANTA GERTRUDIS ASSOCIATION
9003 FM 1459
SWEENEY, TX 77480

Please mark your calendars now and plan to attend! This is the major event for the Mid-Coast Santa Gertrudis Association, and we are going to have a great time with plenty of quality cattle on display.

We look forward to seeing everyone there!

DELBERT WALKER

1938-2017

Our dear friend and Mid-Coast Santa Gertrudis Director, Delbert Walker, age 79, of Grapeland passed away April 24, 2017 in Palestine. Delbert's quick wit and wonderful sense of humor (not to mention his targeted political commentaries!) will be especially missed among our members. JoAnn, our heartfelt sympathies are with you.

Delbert was born January 16, 1938 in Delhi, Louisiana to parents, Henry and Ina Walker. He worked on the family farm until he moved at age 17 to Baytown. There he worked in construction and soon met the love of his life, JoAnn Wright. They were married March 21, 1958 and then started a family. While attending barber school, Delbert worked as a paid fireman in La Porte. After graduating, he opened Walker's Barber Shop in Seabrook becoming the barber to many of the early astronauts, including John Glenn. For twelve years, Delbert continued cutting hair and during this time he started Walker's Dump Trucks and Walker Sand, operating both out of his barber shop, where if you got your hair cut, you probably left with a load of sand. Eventually Walker's Sand and the trucking company became a full time job, so he sold the barber shop. After several years of hard work and success in the sand business, Delbert and JoAnn were able to purchase the first part of their ranch in East Texas, as well as beginning to raise cattle. Soon Grapeland became their home and they continued expanding the D-J Ranch to the point it is today.

"Winners make things happen!"

Losers make excuses!"

Many of our Mid-Coast members who have known Delbert for years remember him telling the story of being born in Louisiana as the son of a very poor sharecropper-type family. When Delbert was 16, he went out to seek fame and fortune in Houston, TX. He did construction work and other odd jobs until he had saved enough money to enter the barber college mentioned above. Delbert always had an idea, plan, or goal, and he could not only conceive, but could also execute his plans to achieve his dreams. He was known to often quote "Winners make things happen! Losers make excuses!" — and Delbert was no loser!

While working as a barber, Delbert realized that the area around him was beginning to build up, and being a low-lying area, the builders needed sand. Delbert started his sand and clay business then, made lots of money, and bought property in Grapeland where his love of Santa Gertrudis cattle began. Although Delbert reportedly had some differences with the Santa Gertrudis 'aristocrats', he loved the breed and most of the people in the breed, and friends remember that some of the best field days were held at his ranch. Delbert worked hard to promote the Santa Gertrudis breed, serving as President of the Mid-Coast Santa Gertrudis Association at one time. He also started a Santa Gertrudis bull sale in Crockett, TX which he held for 3 years or so.

Some of our members have known Delbert since he first got into the 'red-cow' business. Delbert bought his first Santa Gertrudis from Superior Cattle and Land in Alief. Jerome Urbanosky met Delbert just about the time Jerome was moving from the Junior ranks of SGBI to adult membership back in 1978, and both Allen Grainger and Jerome also recall Delbert attending an early cattle sale — the first Santa Gertrudis video sale — that took place on a 747 bound for Hawaii back in 1984. Delbert was the kind of friend who would always call and ask about the family. His friends say he was friendly, genuine, and you could always count on him. He always went above and beyond for his family, his friends, and for the promotion of the breed. Jerome remembers a time when Delbert was interested in getting more Juniors to show at the County Fair in Crockett. He sent out letters letting the Juniors know that he would personally match the show awards to the kids. He would sit outside the arena with a TV tray and a Samsonite chair and as the winners came out, he would immediately write them a personal check for the money he'd promised. Consequently, there were as many as 50 to 75 Santa Gertrudis entered in the County show, compared to 10 to 12 entries for the other breeds.

Delbert was always thinking, always promoting. He would tell people what he thought the breed should do, but was always the first to back up his words with hard work. He raised a family, loved his wife, accumulated wealth, loved God and country, and was in general a remarkable man. He was the 'real deal' - a true hero and a man who lived his values during a time when so many others have values of convenience. JoAnn plans to continue her husband's legacy in Santa Gertrudis.

Delbert is survived by his wife JoAnn Walker of Grapeland; son, Keith Walker and wife, Kim of Dayton; daughter, Rita Spitzenberger and husband, Greg of Corpus Christi; and a number of grandchildren and great-grandchildren.

TROY LAMBERT
1946-2017

Mid-Coast Santa Gertrudis Association member Troy L. Lambert, 70, of Brenham, died May 12, 2017, at his residence.

The funeral service was held Monday, May 15 at 1:00 p.m. at Champion Fellowship Church in Brenham with Rev. Tim Webb and Allen McClure officiating. Burial followed in Prairie Lea Cemetery in Brenham.

Mr. Lambert was born Nov. 17, 1946, in Lake Charles, LA, to Troy and Juanita Lambert.

On Feb. 16, 1979, he was married to Gayla Harvey. He served in the U.S. Marine Corps in Vietnam. Troy was the founder and owner of TNT Crane and Rigging for over 28 years.

Mr. Lambert, for many years, has been considered one of the most intimidating men you will ever meet in your life. But, behind the tough Marine Corps exterior was a man with a heart the size of Texas. He was always willing to help people who were willing to help themselves. He was never too busy to try and sit down and help people figure out a problem or a situation that needed fixing. Slowly, over the years after becoming a grandfather, the hard-core exterior had begun to melt away and the loving husband, father and grandfather that we have always known had appeared to the rest of the world. He was not one to tell you he loved you but rather show you through his actions. He is and will always still be loved by many.

Survivors include his wife, Gayla Lambert of Brenham; parents, Troy and Juanita Lambert of DeRidder, LA; sons and daughters-in-law, Chad and Jessica Goodson of Boulder, Co, Trace Lambert of Austin, Clint Lambert of Brookshire and Shannon and Jenny Lambert of Brenham; grandchildren: Shannon Travis Lambert II, Arianna Chevelle Lambert, Maximus Troy Lambert, Leonidas Joshua Lambert and Alder Emery Goodson; brothers and sisters-in-law, Roger and Carolyn Lambert of West Lake, LA, Michael and Lynn Lambert of Tyler and Scott Lambert of Mauriceville; mother-in-law, Patsy Harvey; and brother-in-law, Joe Webster of Houston.

Mid-Coast Jr. News

May 2017

Upcoming Events

June 10 -17th - 2017 Bells and Bulls on the Bayou SGBI National Junior SG Show ; Lake Charles, LA

Sept. 15 -16th - 2017 Mid-Coast SG Annual Meeting and Cattleman's Opportunity Sale; Hallettsville, TX

Hello Juniors,

First, let me say it was great to see so many of you at our annual show!

The Mid-Coast BBQ Kick Off and Showmanship Clinic which was held May 5th was a huge success. The BBQ was delicious, a lot of Jr. members attended, and we all had a blast! I think the showmanship clinic was very informative and helpful. Each member brought an animal to the arena and was given pointers from our expert. The next day was the annual Norval and Anna Sells Mid-Coast Jr. Show and meeting. The meeting was held in the morning, during which we elected new Officers, Queen and Princess. The officers elect are Heather Stenson, President Elect; Caydi Blaha, Vice President Elect; Parker Mason, Secretary Elect; and Shelby Ferguson, Reporter Elect. They will take office in September at the Mid-Coast Annual Meeting. Our new queen is Courtney Roberts and princess is Demi Harrington. Congratulations to all! We also discussed plans for the upcoming National Show

this June in Lake Charles, Louisiana. We hope you will all support our candidates for Director, Queen and Princess while at the show.

Scholarships were awarded to four senior members, Trey Stegint, Saige Combs, Kaylee Enloe and myself. The meeting was adjourned in time for everyone to get their cattle ready for show. The show started promptly at noon with showmanship, followed by the purebred heifer show, Star 5 show and finally the first bull show. There was 115 head of cattle! Everyone did an outstanding job. There were no losers in my book as I see you all as winners just for trying your best. All in all, it was a great day!

I don't know about you, but I can hardly wait for June to be here so I can visit with great people, have some friendly competition, and show off our wonderful red cattle. See y'all at Nationals 2017!

Sincerely,

Emaline Robinson,
Jr. President

Mid-Coast Juniors at the Norval & Anna Sells Mid-Coast Junior Show and Meeting

Welcome to our 2017-2018 Junior Officers-Elect!
