## A Message from the President

There has been a lot of activity since the last time we talked. Our S.G.B.I. annual meeting was held in Corpus Christi, Texas, April 18-20. If you missed it, you missed a lot of fun, fellowship and great information. Everyone that attended gained something from the meeting including a few pounds. Our Mid-Coast hats off to **Debbie Townsend** who chaired this year's event. Great job Debbie!

One message that came across loud and clear at this year's meeting was, we at S.G.B.I., need to market, market our cattle. A particular comment that Dr. Joe Paschal from TAMU AgriLife Extension Service and one of our session speakers made that caught my ear was, "You need to quit calling your cattle Gerts and start calling them Santa Gertrudis so people know what you are talking about. It's a small idea, but can have a very big impact."

I challenge each of you to drop the term "Gert" or "Gerts" out of your vocabulary and replace it with what our cattle truly are, Santa Gertrudis. We sometimes take for granted people know what we are talking about and the truth is...they might not have a clue. From this day forward, if you catch me saying "gerts" versus Santa Gertrudis and you call me on it, I will donate \$5.00 to the next Mid-Coast Jr. event. Take my word, it won't take me long to break the habit. Challenge one another.

The very next weekend, Mid-Coast Jrs. hosted their annual meeting & show at the Expo Center and Fair Grounds in Navasota, Texas. With over forty entries, our Mid-Coast hats off again to our Jrs. and **Sandra Symon** for organizing and hosting a very successful event.

Also announced at the Jrs. annual show was this year's scholarship winner, **Mary Failla**. Congratulations to Mary for winning \$1,500 that was funded by Norval & Anna Sells Jr. and also funded in memory of Charles Wilson III.

Thank you to all the moms, dads and kids that participated. Again, we had plenty of fun food and fellowship. This show was a great warm-up event for the kids that will be showing at the National Junior Show in San Marcos, Texas, June 17-21, 2013.

Before I close, a big thank you to **Charla Borchers** for her time and energy spent as our S.G.B.I. president this past year. Congratulations to **Curtis Salter** our new S.G.B.I. president.

Lastly, we are in need of a new Editor/Publisher/Distributor for our Mid-Coast Cattle Rattle. If you would like to take on this role, please contact me directly at [faintl@aol.com](mailto:faintl@aol.com) or call me at 281.389.1852.

Keep in touch at [www.midcoastsantagertrudis.com](http://www.midcoastsantagertrudis.com).

Keep the faith, pray for our troops and for one another.

**John Ford,  
SGBI Executive Director**

There is no doubt that FY 2012 was one of change for Santa Gertrudis Breeders International. The major change occurring this past year was the movement of association functions back home to the Kingsville, Texas headquarters. Rapid changes in computer technology allowed SGBI to make this adjustment which resulted in the day to day operations returning to Kingsville from Kansas City. All data input and record management is now managed in Kingsville by Registration and Member Services Specialist Diana Ruiz. The association's partnership with service provider Livestock Genetic Services along with assistance from the accounting firm of Hahn and Oldham provides SGBI the tools needed to operate the organization in an efficient and effective manner. The return of services not only allows SGBI to better manage association data but also control operating cost.

Caballo Rojo Publishing

Contracting with magazine publisher BluePrint Marketing this past FY also proved to be a positive change for SGBI. The team at BluePrint has successfully moved magazine operations out of the red into the black. Not only is the magazine profitable for SGBI, it is informative, attractive, and a great marketing tool for the breed. These operating changes had a positive impact on SGBI's bottom line resulting in a very profitable year for the association.

The outcomes from the implementation of these sound business decisions are noteworthy but it is the 5% increase in purebred registrations that is truly exciting from a registry standpoint. Following review of USDA reports, cowherd inventory data, and projections most all would conclude that seedstock numbers are on and will continue to be on a decline. Looking at the national data, I suspect that Santa Gertrudis Breeders International was one of the few breed associations that experienced growth in 2012. The increase in registrations speaks volumes for our cattle and is an indicator of the growing attention that cattlemen are placing on Santa Gertrudis genetics.

Momentum is on our side. Every sale made in 2013 must include the transfer of the animal's registration papers. Breeder advertising and promotional efforts must intensify. Increased focus must be placed on genetic improvement. Our opportunity to market Santa Gertrudis genetics is great and we must not let this opportunity pass us by.

Curtis L. Fuchs, a member of SGBI and the Mid-Coast Santa Gertrudis Association has been an Agriculture Science teacher for 43 years and will be retiring after this final semester at Brenham High School. Curtis received his education at Burton High School, Blinn College, Texas A&M University and Prairie View A&M University. His career started in Cypress, Texas as an Ag teacher and FFA Advisor for Cy-Fair High School where he taught for 10 years. Then, he and his family moved to Brenham to be closer to home where he grew up in Burton, Texas. Curtis began teaching Ag in Brenham in 1981 and will complete 32 years with Brenham ISD this year. Curtis has taught many different Ag classes with a focus on Freshman classes introducing young students to FFA and the world of agriculture. He has influenced many young students over 3 generations with agriculture instruction and as an FFA advisor, helping with animal projects and leadership development. Curtis became very involved in the Santa Gertrudis breed and organizations when his 2 daughters Christy and Courtney became 4-H members and began showing Santa Gertrudis heifers. The Fuchs girls exhibited heifers from 1984-1995 and enjoyed learning about the breed and showing cattle, developing many relationships and friends, gaining leadership in the organization both on the Mid-Coast and National level and exhibiting many winning heifers, notably National Champion and Reserve National Champion females in San Antonio at the National Jr. Heifer Show in 1990 as well as other National Champions over the years. Curtis has been a member of the Mid-Coast Santa Gertrudis Association and Santa Gertrudis Breeders International for many years and enjoyed being the Youth Activities Director for the Mid-Coast organization and helping youth in this capacity even after his daughters were done showing. Curtis and Kathy now own and operate CF Cattle Company and have enjoyed continuing to raise Santa Gertrudis cattle and produce CF heifers for the show ring and Star 5 heifers too as well as commercial crossbred heifers and market steer prospects. Curtis is now enjoying seeing his grandchildren become involved in the Santa Gertrudis breed and develop a love of showing cattle as well. Parker, his oldest grandson, competed in the show ring his first year this year and enjoyed great success with Miss CF Foxy Lady. All the Fuchs grandkids have already loved the time in the Mid-Coast ring as Pee Wee showman and can't wait to enjoy all that this organization has to offer. Curtis hopes to continue producing some good CF prospects for the future and continue to be involved with these great organizations and agriculture.

The Fuchs family would like to extend an invitation to everyone to attend the Curtis Fuchs Retirement Party to be held on Sunday, June 9, 2013 at the Washington County Fairground's Event Center in Brenham, Texas. A Come and Go Reception will be held from 2 in the afternoon until 5. A Special Program will be held at 3 pm. We would love to see everyone and visit as we honor this special man who has meant so much to so many people over the years in the world of agriculture.

## *Annual Meeting*

### *Corpus Christi, Texas*

The "Journey" began aboard the USS Lexington, a World War II-Vintage aircraft carrier filled with history. Much like the rich history that began on a Spanish land grant that eventually led us to the 62<sup>nd</sup> SGBI Annual Meeting held in Corpus Christi, Texas on April 18 – 20th. During the "Gathering" which was sponsored by our Mid-Coast Association, we shared associational activities and accomplishments. The "Heritage" of this "American Original" breed was renewed during a very successful Sale, represented by respected breeders deep in that heritage and those with more recent herd numbers. The "Dynasty" was proclaimed in the financial accomplishments reported by John Ford during the annual membership meeting. Although not officially a part of the annual meeting, the "Homecoming" honored Hall of Fame inductees. Dinner by Don Strange of Texas, Inc., dancing to the music of Johnny Bush and celebrating back on the lawn of the King Ranch made this event a memorable one.

A special thank you to everyone who made this event possible. During one of the most recent polls taken from SGBI when asked what members want from this organization one of the most common answers was support and camaraderie. Every member shares a common interest in our Santa Gertrudis cattle but the friendships that are formed and the memories that are shared during events like these are unforgettable. Start planning early and make every effort to attend the 2014 Annual Meeting to be held in Branson, Missouri for an opportunity to share in these memories.
